TOP SECRET SHREK BUCKS WHITE PAPER

If you are reading this paper, you have passed the test. The Shrek Foundation™ was on a quest to find investors with some of the strongest hands in the game. Many of you might have seen idiots join the telegram and say "tHis lOoks liKe A rUg puLl" these are NOT the investors the Shrek Foundation™ was looking for, anyone with half a brain could see that. TRUST IS A HARD THING TO COME BY ON BSC and you have all demonstrated excellently the ability to keep trust even when prices crash. THIS WILL BE IMPORTANT TO THE NEXT PHASE OF THE SHREK FOUNDATIONS™ PLAN FOR MASS SHREK ADOPTION.

PHASE 2 OF MASS SHREK ADOPTION.

So far everything has been going according to plan. The Shrek Foundation™ believes that the crypto market will stay in turmoil for 2 weeks at the most so this will hopefully give them enough time to reveal what they believe will be the most infamous project on the Binance Smart Chain.

SHREK BUCKS 2 - PASSIVE INCOME - FARMING 2.0 - FIRST EVER CRYPTO GAME SHOW -

The Shrek Foundation™ believes it has created the best tokenomics for and bsc project ever made. Shrek Bucks 2 will have a max supply of 1,000,000,000 tokens. At launch there will be 500,000,000 with 450,000,000 available on the market.

With each transaction there will be a 30% operational fee applied. 20% will be given to the holders of Shrek Bucks and 10% will be used for marketing and the game show which we will get into now. Everyone will be paid out at the end of every week before the game show.

THE FIRST EVER CRYPTO GAME SHOW

Every week on Friday there will be a game show where Shrek Bucks holders can compete for prizes(\$\$) generated by the 10% tax. At first it will start with Shrek trivia games most likely on programs like kahoot but as Shrek Bucks Grow it will get increasingly more exciting and Theatrical, until it is a full blown game show.

NEXT PAGE

THE UNSTOPPABLE NETWORK EFFECT

Because Shrek Buck holders will generate income off both BUYS and SELLS there will be really no reason to sell even in the event of a large market crash because if the sell volume is going up that means less token holders and larger amounts of revenue given to those who held. People will want to tell their friends because if shrek bucks gets large enough the prizes will keep getting larger too until it is a fun social event for people to win the contest because the more friends they get to join the larger the prize will get and unlike the lottery if they don't win they can just hold and wait for the next contest.

PHASE 3 - THE INEVITABLE LAWSUIT or POTENTIAL PARTNERSHIP -

This is where you guys come in. If everything goes according to plan then shrek bucks is bound to face a lawsuit from universal studios at some point, the Shrek Foundation™ is expecting this and will combat it by donating to charities and what not, but the Shrek Foundation™ believes a lawsuit from dreamworks will be the most legendary marking of all time because as the lawsuit happens the show will continue to go on hopefully making shrek bucks find its way into news cycles. You guys will be important because there will be massive sell pressure during this time BUT SHREK MUST GO ON. The Shrek Bucks 2™ launch will be much larger than the Shrek bucks 1 launch so we will do a 3 minute private sale for the OG shrek bucks investors right before.

I WONDER WHAT THIS IS
